We go in-depth
Sign up for our free online training course to deliver best service to your customers

We care
Rely on our support with any installation, operation or maintenance concern

We deliver across the globe
Get our assistance with worldwide delivery by air or by truck

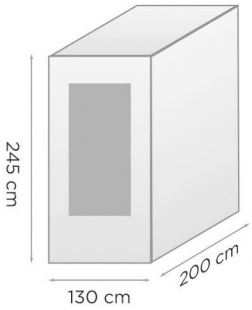

DESCRIPTION

Nitrogen-powered cryochamber is available in two modifications: for one person or two people. Coolers installed on the ceiling ensure even temperature distribution. Due to innovative cooling technology, the nitrogen consumption is very low, comparable to individual cryosaunas.

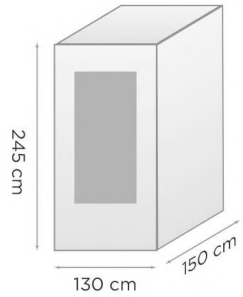

DIMENSIONS

Overall size

Two-person cryochamber

One-person cryochamber

HIGHLIGHTS

20” operator display
Clear and easy touch screen control

Two-way communication system
Reliable and safe way to monitor the session
