# NEXT ME

ShenzhenJlZHIMEl Technology Co., Ltd.

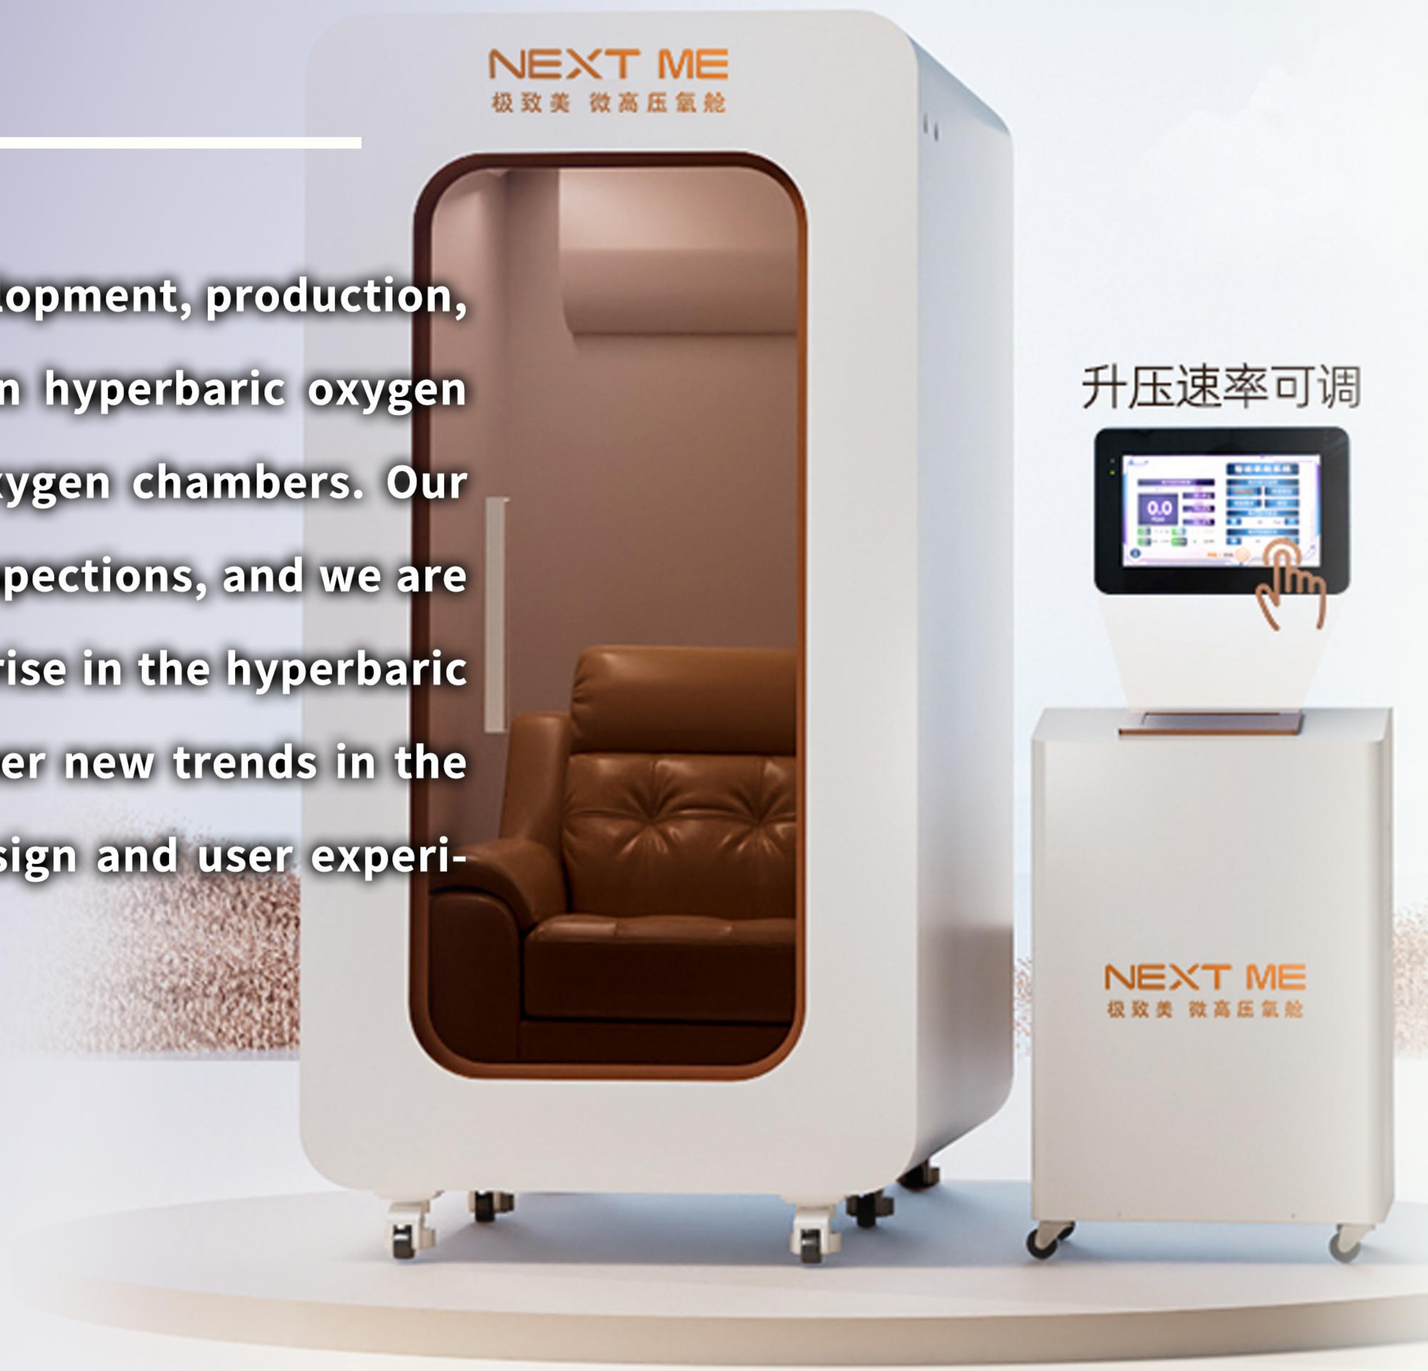

## Tailored Solutions

**Dispel the heaviness, awaken every cell in your body**

# COMPANY INTRODUCTION

A company integrating research and development, production, sales, and service, specialising in civilian hyperbaric oxygen chambers and commercial hyperbaric oxygen chambers. Our products have passed national quality inspections, and we are committed to becoming a leading enterprise in the hyperbaric oxygen chamber sector. We aim to pioneer new trends in the wellness industry through innovative design and user experience.

# VERIFICATION OF CONFORMITY

S/N: 018889

No.: **ICR/VC/HM2511200**

| | |
|---|---|
| **Name and address of Applicant** | Shenzhen Jizhimei Technology Co., Ltd.<br>Unit B4, Fourth Floor, Building One, Yabian Xuezaiwei Industrial Estate, Bao'an Avenue, Yabian Community, Shajing Subdistrict, Bao'an District, Shenzhen, China |
| **Name and address of manufacturer:** | Shenzhen Jizhimei Technology Co., Ltd.<br>Unit B4, Fourth Floor, Building One, Yabian Xuezaiwei Industrial Estate, Bao'an Avenue, Yabian Community, Shajing Subdistrict, Bao'an District, Shenzhen, China |
| **Product name:** | Hyperbaric Oxygen Chamber |
| **Product types:** | see page 2/2 |
| **Product trademark:** | n/a |

Verification was carried within following scope:

Information on the Declaration of Conformity:

Result: **Legislation:** **Standard:**

✓ MDR [(EU) 2017/745] EN 14931:2006

The assessment process has been carried out in accordance with individual rules and conditions agreed with the applicant. Evaluation has been carried out in accordance with:

| | |
|---|---|
| **Test report:** | MDR-TCF-251125-02836 |
| **Tests conducted by:** | Shenzhen Jizhimei Technology Co., Ltd. |
| **Issue date:** | 26.11.2025 |
| **Expiration date:** | 25.11.2030 |

**Remarks:**
- VoC was issued on voluntary basis and does not imply meeting all essential requirements listed in Declaration of Conformity.
- For introducing this product on European market may be needed EC/EU-type examination conducted by appropriate Notified Body.

Japanese SMC Solenoid Valve

Multi-Stage Air Purification System

Premium After-Sales Service Team

# COMMON TYPES OF HYPOXIA

# 常见缺氧类型

## Environmental hypoxia

Natural hypoxia caused by physical factors such as atmospheric emissions and urbanisation

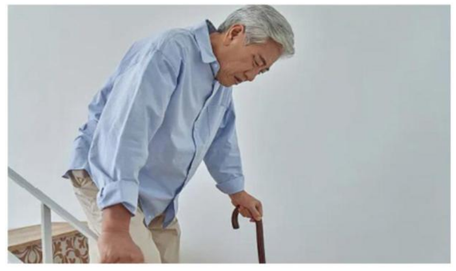

## Pathological hypoxia

A state of oxygen deficiency caused by abnormal bodily functions or disease.

## Malignant Habit Oxygen Deficiency

Oxygen deprivation resulting from prolonged smoking and poor sleep quality

## Degenerative hypoxia

A chronic state of oxygen deprivation arising from the gradual decline in organ function associated with advancing age.

## Physiological hypoxia

Transient hypoxia induced by specific physiological states

## Other contributing factors

Insufficient ventilation leading to hypoxia due to conditions such as brainstem injury or cerebral haemorrhage.

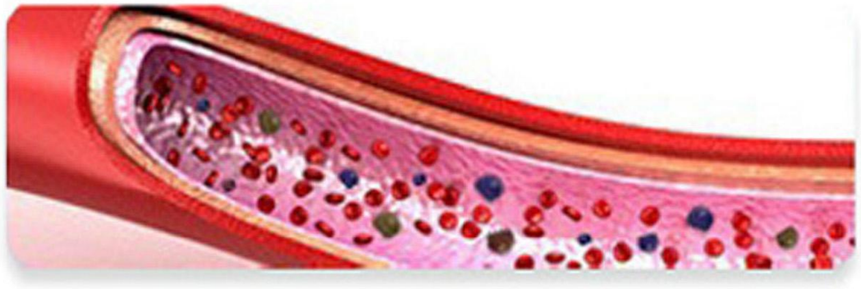

# THE PRINCIPLE OF HYPERBARIC OXYGEN

# 高压氧的原理

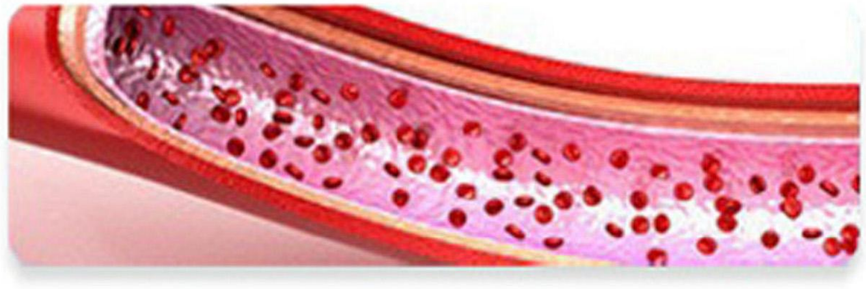

Increase the partial pressure of oxygen in the body

Increase blood oxygen saturation

Increase the oxygen diffusion distance within the body

Under normal atmospheric pressure, various factors impede blood flow within the human vascular system.

Hyperbaric oxygen chambers accelerate blood circulation in the human body, promoting blood flow.

# SUPPORTING SERVICE

# 支持服务

## OXYGEN CHAMBER SOLUTION CUSTOMIZATION

Tailor-made solutions to meet diverse requirements; Personalised functional enhancements with meticulously selected materials, ensuring both quality and safety; Distinctive exterior design reflecting exceptional taste.

## OXYGEN CHAMBER AFTER-SALES SERVICE

Professional installation, all in one go; Full-cycle protection, with greater care; Online customer service, instant answers; User-centric, thoughtful attention to detail.

# FUNCTION INTRODUCTION

# 功能介绍

### Treating insomnia

Improve sleep quality and relax both body and mind

### Improve immunity

Boost cellular vitality, enhance human metabolism and strengthen immunity.

### lmprove sub-health

Dizziness, backache and stiffness

### Beauty and skin care

Stimulates collagen synthesis, reduces wrinkles, and diminishes melanin.

### Prevent cardiovascular disease

Improve microcirculation and increase oxygen levels in the blood

### Preventing Alzheimer's

Enhance oxygen levels in brain cells and promote cellular repair

### Longevity

Reduce cellular ageing

### lmprove memory

Increase ATP production to enhance memory
